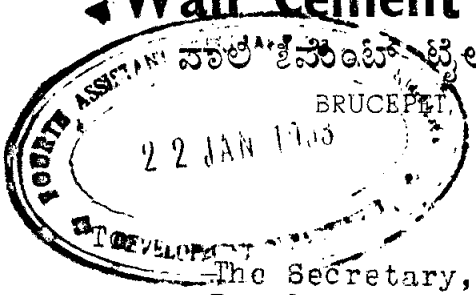
Cement Control - Wali Cement Tile Works, Bellary,- Allotment of cement for manufacture of cement concrete products - Orders passed.

Wali Cement Tile Works,

ವಾಲಿ ಸಿಮೆಂಟ್ ಟೈಲ್ ವರ್ಕ್ಸ್ ಬಳ್ಳಾರಿ.

BRUCEPET, BELLARY.



Dated 20--1-- 1953.

The Secretary,
Rayalaseema Development Board,
Madras.

Respected Sir,

I beg to submit that I was getting cement quota from the Hon. Cement Controller of Madras - for 120 bags per every quarter (three months) regularly at wholesale rates. When I applied to the Hon. Cement Controller for my subsequent usual quota, he was not inclined to send me the permit as usual and he directed me to get the recommendation of the District Industries Officer, Anantapur.

It is very difficult to get my quota of cement each and every time, if it has to be recommended through the District Industries Officer, Anantapur. A copy of the letter from the Hon. Cement Controller, Madras, dated 11-6-1952, is enclosed herewith for your information.

If I have to purchase cement from the retail dealers, I will be losing Rs.10/- per ton.

Therefore, kindly help me in this matter to get regular quota or required cement/of 200 bags @ ~~120~~ bags quarterly or at least ~~that~~ quantity once in four months directly from the Hon. Cement Controller, Madras, or from the Factory, at wholesale rate as mine is ~~an~~ a cottage industry requiring all encouragement - as this is one of the most genuine and deserving case for uplifting and for the betterment of this useful cottage industry in the backward district of Rayalaseema. Thanking you in anticipation, Yours faithfully,

(All kinds of Coloured Cement Flooring Tiles always kept in large stock)

Sub: Cement - allotment for the manufacture of Cement concrete product - request of Ali Cement Tile Works, Bellary - Inspection report - submitted.

Ref: Your D.C.R.C.M1/10753/53 dated 30-5-53.

I inspected the Cement Tiles on 5-6-53 when it was not working. I was given to understand that it had worked the previous day when 250 tiles were pressed and were in a water tank for curing. The demand for these tiles is not regular and they are made to order. There is a stock of 9,000 tiles in these stores.

There is no regular allotment made to these works. The work is a seasonal one.

The production rate of the Kreeleyer press is 200/250 tiles per hour. An allotment of 80 bags per month seems to be reasonable.

Yours sincerely

Dear Sirs,

(2) Rc.ML/10735/53 dated 16-6-1953 and Proceedings L.Dis.M.1/10735/53 dated 15-7-1953 (both of the Director of Controlled Commodities, Madras);
(3) Authorization No.CCM/G(14)/19945 dated the 16th July 1953 (PQ/MS/PP) - of the Honorary Cement Controller, Madras;
(4) Letter No.88/9872/20-7-53 of the Cement Marketing Co., of India, Ltd., Bangalore -
Our petition dated 20-1-1953 etc.

Sub: Cement control - allotment of cement to us - Cement supply against permits - at wholesale rates, necessary orders requested -

In this connection, we have to reiterate that M/s. The Cement marketing Co., of India, Ltd., of Bangalore City, as per their bill No.BO/S/659/21-7-50 (on the orders of the Hony. Cement Controller Madras No.C.C.M.14/11332/24-3-50) were pleased to supply us 5 tons of cement (charminar) in 100 bags @ Rs.82-8-0 per ton (WHOLESALE RATE), on our previous application for getting supplies of cement for us at wholesale rates, as ours is a cottage industry. Subsequently, M/s. Cement distributors, Ltd., Dalmiapuram (Tiruchirapalli) have also supplied us 120 bags of cement at Rs.67/- Ex-works on the authority of the Hon. Cement Controller, Madras - CCM.G. (14) 12934 dated 22-8-50 at wholesale rate. These two pertain to two periods in 1950. Subsequent to the same, in spite of our repeated reminders to continue supplies of the same at wholesale rates, we were not allotted accordingly, for reasons unknown.

We have been reminding the authorities often, stressing our legitimate and just cause and requesting the authorities to encourage this at wholesale rate as ours is a cottage industry deserving all encouragement.

Finally, after the lapse of about one year, the Deputy Secretary to Government, Govt. of Madras, P.W.Department, Madras, was pleased to accord permission, sanctioning the allotment of twenty bags of cement (i.e., one ton) per month (vide Ref.No.(1) above.

The Director of Controlled Commodities, Madras, was also pleased to allot the same accordingly (vide Ref.No.(2) above).

The Hon. Cement Controller, Madras, in his Annexure II

(v) 18

(Authorisation); have accordingly directed M/s. The Cement Marketing Co., of India, Ltd., Bangalore (vide Ref. No.(3) above) - but have authorized the quantity of cement as 3 tons (three tons) for period III/53.

When we approached the Bellary stockists(of cement) (of M/s. The Cement marketing Co., of India, Ltd., Bangalore) the Bellary stockists of Bellary:- M/s. Vattam Narayanappah Chetty and Sons - told us that they would give us cement (though on the authority of the said permit) only at retail rate and not at wholesale rate as they are only stockists, in turn, of the Cementx Marketing Co., of India, Ltd., Bangalore - and that we have to refer the matter to you to get needful revised orders for our getting cement at wholesale rates. This is a sudden and surprising affair for us now.

--and so, now we request you all to kindly view our deserving case with due mercy and please enable us to get regular, monthly quota of cement at wholesale rates only, because, once again to mention, ours is a cottage industry and we have been requesting since a very long time to get cement at wholesale rates only and because we were previously granted permission to purchase cement at wholesale rates only.

If it is the question of retail rate, all this worry is unnecessary because at retail rate we can get decent quantities without troubling your goodselves.

As we are informed that we would get direct supplies at wholesale rates if we are permitted to purchase about 5, 6 tons at a time, we request you to kindly issue necessary orders in this connection and kindly permit us to purchase @ 5 tons per quarter at least, by granting necessary permits and instructions to supply us at wholesale rates.

In the alternative, insteading of allowing us to have only @ one ton of cement ~~of cement~~ per month, we request you to grant us a permanent permit to purchase at wholesale rate at 15 tons per year (i.e., in three periods in an year - each period; 5 tons of cement).

Please expedite issue of needful, fruitful orders under advice to us, as ours is a cottage industry, deserving all kinds of encouragement.

Thanking you in anticipation,

Yours faithfully,

for Wali Cement Tile Works, Bellary
